

Organizational Summary

Safe & Sound, Inc. emerged as a comprehensive, community-based response to crime and violence in the City of Milwaukee. Since 1998, Safe & Sound has been dedicated to improving safety in challenged Milwaukee's neighborhoods. Our three-pronged strategy advances: (1) community organizing, (2) youth development and (3) partnerships with law enforcement. We unite residents, youth, law enforcement and community resources to build safe and empowered neighborhoods.

Safe & Sound has recently entered into a violence interruption agreement for services with the City of Racine. For a proposed (1) year term, the organization will provide technical assistance in efforts around collaborative neighborhood safety goals as directed by the Office of the Mayor.

This project will hire (3) full time staff - a Community Organizer, a Youth Organizer, and a Neighborhood Safety Coordinator. Job descriptions are below. **Residency in the city of Racine is required.**

Job Description Community Organizer (City of Racine)

Classification Full Time/Exempt/ Salaried

Position Summary - **Community Organizer**

The Community Organizer at Safe & Sound is one part of a three-part strategy aimed at building collective efficacy in neighborhoods to create safer communities. Our community organizers meet residents on their front porches and at community meetings, rebuilding social networks and facilitating connections to resources to make neighborhoods safer and stronger. Community organizers work with residents to amplify their voices by helping to implement strategies of crime prevention. A critical part of the organizing function is to build community-police relationships by serving as a liaison between residents and law enforcement providing two-way communication (prioritizing and advocating for neighborhood safety priorities within the district). Community Organizers need to operate successfully when working independently and as a member of the team.

Safe & Sound uses Collective Impact as a framework for how we engage and partner with cross sector community stakeholders to support youth and adult residents to lead in their neighborhoods. Community Organizers are responsible for incorporating collective impact strategies into their output goals. Collective impact includes leading work groups on specific resident-initiated goals and maintaining strong relationships with partners. These groups will meet regularly and are made up of community members and representatives from neighborhood partner organizations.

Community organizers are neighborhood mobilizers who conduct outreach and organize residents year-round, listening to, and addressing, the individual concerns of residents. Organizers develop neighborhood-based initiatives, enhancing safety and positively impacting the community and improving overall quality of life for residents. Community organizers work with a variety of community stakeholders to address resident-led initiatives and/or complaints that may include a broad range of neighborhood safety concerns. Resident complaints may include drug, sex work and other civil and criminal issues that arise in and around properties located within the assigned Safe & Sound sector(s). Community organizers will incorporate activities, campaigns, events and disseminate prevention materials to build resident capacity to change factors that contribute to alcohol and marijuana use.

Community Organizers serve as a technical and planning resource – along with other Safe & Sound staff and other community-based organizations (including law enforcement) - to coordinate community forums, block watch meetings and other community collaborations which orient residents, families, and businesses to encourage crime prevention and crime awareness.
